spytech software: powerful PC surveillance solutions

"With an estimated 24 million chilidren now online, one out of five have been solicited for sex in the last year" -- Congressional Study submitted June 8, 2000

"An estimated 725,000 children have been 'aggressively' asked for sex, defined as an offer to meet in person." -- Congressional Study submitted June 8, 2000

spyagent: pc monitoring and content filtering

SpyAgent is the award winning and powerful computer monitoring spy software that you need! SpyAgent gives you the power to log all keystrokes typed, websites visited, windows viewed, applications ran, internet connections made, passwords entered, documents printed, AIM/AOL/ICQ/Yahoo/MSN conversations made, documents opened, and even capture screenshots of the user's activities!

SpyAgent sets the bar for comprehensive monitoring and recording - all powered by an extremely easy-to-use graphical interface!

Activity Recording:

- Keystrokes typed
- Websites Visited
- Windows used
- Internet Connections Made
- Applications Ran
- AOL/AIM/Yahoo/MSN/ICQ Chats
- Documents viewed and printed
- Screenshots of user actions

Content Filtering:

- Block unwanted websites/keywords
- Restrict specified applications
- Block chat clients and messengers

SpyAgent runs invisible to the user in total stealth and cannot be detected. Keep tabs on your children's activities - at any time - even have activity logs emailed to you!
